

**STEPGEAR®**  
**TRAINING FOR REAL**

**SG-1**

SG-1

# JUST THINK ABOUT PEDALLING

## EMPOWER YOUR PASSION

SG-1 is the only Home Trainer in the world that **uses the power of your pedals to generate resistance**. The ideal platform for cyclist who seek **professional training, ease of use and manageability**.

## FEEL THE ROAD

The **patented AIR DRIVE technology** uses a revolutionary flywheel that creates the **same sensation and dynamic effect of outdoor cycling** as well as ensuring the smoothest, lag-free pedal revolution.

# READY TO GO WHEN YOU ARE

## NEW LEVELS OF PERFORMANCE

SG-1 features **new materials for enhanced performance**, like the **Poly-V® transmission belt** for noiseless and frictionless pedalling.

## SAFE AND SIMPLE

SG-1 is compatible with all bicycle models. Just remove the rear wheel and hook your bike onto the cassette with the fast-locking system. It requires **no electrical power, calibration or setup**. The compass-opening arms provide maximum stability even during standing pedalling.

## WORKS EVERYWHERE

The **compact lightweight design, foldable frame and built-in handle** make it extremely easy to carry, so you can take it with you and train any time and anywhere you want, at home and on the go.

## TAKE YOUR PICK, REAL LIFE OR VIRTUAL

If you are looking for **direct, lifelike type of training**, SG-1 is your Smart Trainer. It **connects wirelessly via Bluetooth® and Ant+** to cyclo-computers and gaming platforms if you wish for a more engaging training experience.

SG-1

# TECHNICAL DATA

PERFORMANCE	
TRAINER TYPE	Direct trasmission with fluid dynamic resistance
RESISTANCE TYPE	Air (AIR DRIVE patented technology)
POWER (40 KM/H)	350 W
GRADIENT EFFECT	No
ACCURACY	± 2,5 %
POWER REQUIREMENT	None
CONNECTIVITY	
CONNECTIVITY	Bluetooth® (FTMS) ANT+ (Power)
3RD PARTY APP COMPATIBILITY	Zwift, Rouvy, Bkool, Trainer Road, The sufferest, Kinomap, Challenger indoor and others
OUTPUT	Power
CONNECTABLE DEVICES	Smartphone, Tablet, Cyclo-computer, Sports watches, PC
SPECS	
SIZE (OPEN)	63 cm x 53 cm x 75 cm
SIZE (CLOSED)	63 cm x 53 cm x 12 cm
WEIGHT	18 kg
FLYWHEEL	6,7 kg
MAX USER WEIGHT	120 kg
TRANSMISSION	Poly-V® Belt
FRAME MATERIAL	Aluminum-Magnesium alloy (5754)
AVAILABLE COLOURS	6
BICYCLE COMPATIBILITY	Road Bike, Mountain Bike, Gravel Bike, City Bike
LOCKING COMPATIBILITY	Quick release (QR) 130/135 mm, thru axle 12x142/148 mm
CASSETTE COMPATIBILITY	Shimano/SRAM 9/10/11 speed. SRAM XD 12 speeds. Campagnolo 9/10/11/12 speed
DISC BRAKES COMPATIBILITY	Yes
FIXED GEAR COMPATIBILITY	Yes

CLASSIC Series

60 PURE WHITE	62 SULFUR YELLOW	63 TRAFFIC RED	64 VIOLANTE
65 ULTRAMARINE BLUE	61 BLACK
